Place parchment on the pattern, tape down and place on embossing mat.

Rub border outline with tumble dryer sheet.

Using a PCA Small Ball tool, deeply emboss the outline.

Turn the parchment over to the right side and with white pencil trace the floral design.

Emboss the floral design, then using blendable pencils colour on the wrong side.

Emboss the small sprays using a small ball tool. To make the tiny leaves, press the tool onto the parchment and quickly flick in the direction of the stem..

The pattern in each V of the border is done in the same way.

Using a Small Ball tool, press small dots around the inner edge of the border between each V.

Using a PCA Small Fine Scallop Edge tool, perforate the outside edge of the border.
