

Tulips on Black Parchment

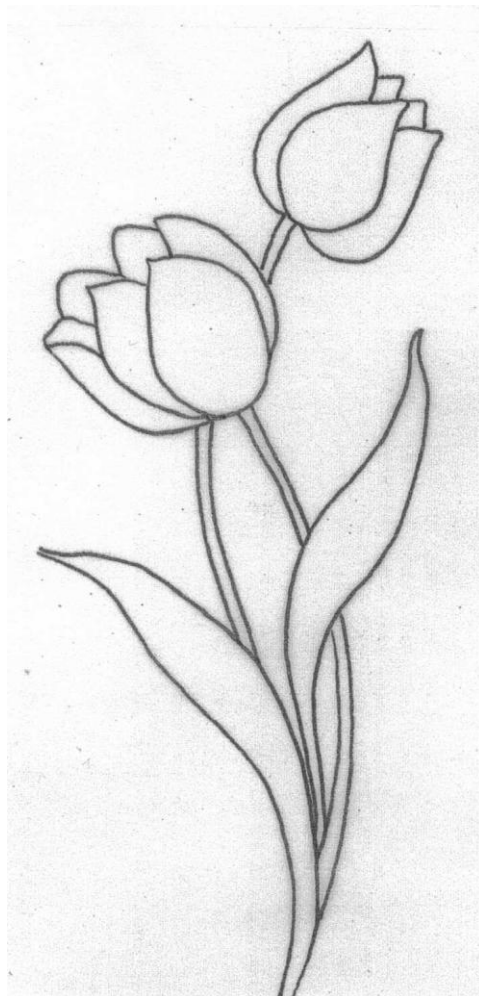

The tulips on this design have been worked using blendable pencils on Pergamano black parchment.

Either trace the design using white Trace Down paper (available from Art supply stores) or work using a light box. The latter is recommended.

Tulips

This design may be enlarged or reduced and a frame made to fit from the grid pattern. Although the example has been worked in blendable pencils, any coloured medium can be used. If using pencils, put a base layer of white before beginning the colour.

Border Grid Pattern

Perforate and emboss on Grid as indicated.

This border can be made to your own preferred size and worked on any size of straight grid.

To make a frame : Cut around **outer** edge first and then cut around the inside.
